

**Small Parcel Shipping within the Continental U.S.**

Use the shipping schedule to determine your charges for small parcel surface shipping in the continental United States.

Air shipping is available at extra cost. All carriers use dimensional weight to assess air shipping charges.

**Minimum order amount is \$25.00.** Our minimum order requirement for processing credit card payment is 25.00.

**Shipping Schedule:**

		<b>Charge</b>
For orders from	25.00 to 50.00	12.00
For orders from	50.01 to 100.00	16.00
For orders from	100.01 to 200.00	23.00
For orders from	200.01 to 350.00	30.00
For orders from	350.01 to 500.00	38.00
For orders over	500.00	45.00

A \$3.00 Processing and Insurance Charge is added to all orders.

**Small Parcel Shipping to Alaska, Hawaii, Canada and all other International Locations:**

USPS, Federal Express, and other small package carriers have instituted dimensional weight, the charges for packages vary widely. Estimates are 25% of parts cost. We recommend customers in Alaska, Hawaii and international locations to use FedEx for best results. Large parcel orders are shipped via air freight. You may contact us for specific details regarding your shipping charge for outside the continental US.

**Back Orders:** Although we have a large inventory of parts available, occasionally back orders occur. Regular inventory items not in stock at the time of your order will be shipped at no additional cost.

**Damaged Merchandise:** Contact us immediately if you have a damaged parcel. Do not discard any packing as you may delay your chances of quick resolution. Have your invoice number ready when calling. **Any damage or shortages must be reported to us within 7 days of receipt of goods.**

**Returns: Must be accompanied by copy of invoice and returned in the same condition as shipped.**

All returns are subject to a 15% inspection and restocking assessment.

**Warranty:** Items we manufacture carry a limited lifetime warranty. Items we do not manufacture carry a warranty of one year from the date of purchase. Warranty is limited to the replacement of parts. Proof of purchase required.

**Price Changes:** We will notify you of any substantial price changes before shipping. Items with small increases will be processed and the amount due will be billed to your account. If you are billed, please pay the balance due upon receipt. Prices are subject to change without notice.

**Payment:** We accept checks, money orders, Visa, Master Card, Discover and American Express as payment. Fax, Internet Website or email orders are preferred to provide the fastest service possible.

**Shipping:** Orders are processed within 2 hours of receipt and are shipped the same day whenever possible. Please provide a street as well as mail address to assist us in handling your order quickly. Please print or type your order.

**Show Schedule:** It is impossible to have every item in our inventory available off premises. However we do try to have a large selection of popular items available. If you plan on attending one of the shows and would like us to deliver parts to you please contact us at least 2 weeks prior to the show. We will have your order ready for pick up. Uncommon items or special order items will need even more lead time.

*Cadillac*

Welcome Cadillac Enthusiasts,

Thank you for your interest in our third Cadillac catalog. We are pleased to announce Fusick Automotive Products has expanded our product line to serve our devoted Cadillac enthusiasts. Ongoing updates on new tooling projects and additions will be announced on our website, [fusickautomotiveproducts.com](http://fusickautomotiveproducts.com). Look for our **Fusick** logo throughout the catalog indicating items we reproduce for Cadillacs.

We manufacture our parts to strict quality and originality, and parts are licensed by GM when required. Samples of these products are power window switches, number stamped coolant hoses, door sill plates, rubber parts and more.

We offer several 'in house' rebuilding services for heater control valves, windshield wiper vacuum motors, power steering pumps, fuel and water pumps, harmonic balancers, distributors and vacuum advances, etc. Most applications to the above are 'on shelf' available for direct exchange. Core charges do apply to rebuilt products sent in advance of core.

We look forward to assisting you with your "Standard of the World" Cadillac restoration.

Sincerely for Cadillac,  
Your team at Fusick Automotive Products, Inc.

## Cadillac Radiator Hoses

All of our Cadillac Upper and Lower Radiator hoses are patterned after New Old Stock samples. Stamped with correct period orange 'CAD' and original GM part numbers up to 1964. Hoses for 1965 and up have the 'GM' markings with original part number in white. If you have a special situation such as a motor swap, we can make a new hose with correct part numbers if we are supplied with a sample. Please contact us for information.

**RANCO Heater Control Valve Rebuild Service:** Rebuilding service for all Ranco Heater Control Valves. Most valves require your rebuildable core in advance for rebuilding. 1949 & 1954 Cadillac used a double valve design and requires two separate rebuilding services. Most Cadillac valves use long capillary tubes. These tubes must be intact in order to rebuild units. **Core charge for advance Rebuilt Heater Valves is 150.00** which is refunded upon receipt of your rebuildable core. \* Add 45.00 for new wires. \*\* Includes faceplate restoration and hand made faceplate and heater valve gaskets.

### 1956 Bendix Power Brake Master Cylinder Housing:

A brand new reproduction of the cast aluminum master cylinder housings used on 1956 Bendix Power Brake Units. Originals are often deteriorated and the metal becomes porous, causing leaking over time. These new units will replace originals, but differ slightly from the originals. Original Cadillac housings had a bleeder in the rear, new housings do not.

**Please Read:** A fresh rebuilt Power Brake Unit will not always guarantee a solution to your problem. Other areas to check are a lack of vacuum caused by a bad check valve or pin hole in the vacuum reserve tank. Air in the brake lines, deteriorated vacuum hoses or poorly functioning wheel cylinders are areas of concern as well. NEVER use silicone brake fluid.

**1962-65 Bendix Power Brake Check Valve:** New plastic check valve available for all 1962-65 Bendix Power Brake Boosters. Includes rubber gasket seal.

### Cadillac Tubular Shock Absorbers

Tubular shock absorbers custom made for 1950-70 Cadillac. Designed as exact mechanical replacements for original shock absorbers long discontinued by OEM manufacturers. Gas charged shock absorbers will give you a better ride and more control than standard shock absorbers. Shocks priced each although replacement in pairs is recommended. \* coil spring suspension, not for cars equipped with the air bag suspension.

### 1949-76 Cadillac Coil Springs and Rear Leaf Springs:

We supply new springs for all 1949-76 Cadillacs. Front coil springs were used on all 1949-76 models, while rear coils were used on 1958-76 models except Eldorado. Leaf Springs were used on the rear of 1949-57 models and 1967-70 Eldorado. Since there are a large amount of spring applications, we do not stock the springs. All spring orders will be filled on a special order basis. Provide a complete description of your car when ordering (year, model, engine size, air conditioning, sedan, hardtop, or convertible). Please allow 2-3 weeks for delivery.

## 1946-64 Cadillac Transmission Rebuild Kits

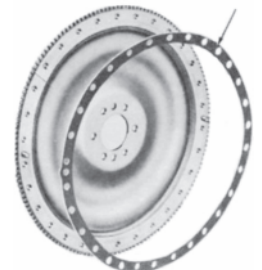

Kits available for the 1946-64 Hydramatic Transmissions used in Cadillacs. Rebuilding kits are sold two ways, the Overhaul Kits contain all gaskets, rubber, sealing rings and metal clad seals. The Master Kits contain everything in the Overhaul Kits with the addition of the frictions and steel plates. The bushing kits, washer kits and transmission bands are sold separately. They are not included with Master Kits or Overhaul Kits. Transmission Bands for 1946-55 Hydramatics are sold on an exchange basis only, requiring your old cores in advance. Please allow 2-3 weeks for this service.

**1949-76 Cadillac Convertible Roof Rail Weatherstrip:** Quality Convertible Roof Rail Weatherstrip kits keep out water, wind and road noise. Most kits include a front bow seal unless otherwise specified. All pieces are completely molded. Please note 1965 had a first and second weatherstrip design. First design used molded ends on the front side pieces, second design had the molded corners on the front bow seal.

## Side Window Channel

**WINDOW CHANNEL KITS:** Includes rigid and flexible channel, flexible sweepers and staples or sweeper clips. Each kit services one car. Preformed pieces are not available for early Cadillac models. We supply sufficient measurements in our complete kits to re-channel one car or you can purchase channel pieces individually. In all cases a certain amount of trimming and bending is required. For rigid channels, rivets are used and sweepers use staples or clips. Kits do not include windshield, rear window, or vent window rubber.
